Accreditation status is available on the [Accreditation Canada](https://www.accreditationcanada.ca/) website.

Accredited status indicates that the educational program complies with the accreditation standard. The accreditation status will expire six years from the date of the accreditation award. For full details click [here](#).

***Accredited with Condition** status indicates that the educational program demonstrates partial compliance with accreditation standards. It must implement specific changes within two years of receiving conditional status to maintain its accreditation. However, students should be aware of the risk that the program may not be able to make the necessary changes, potentially resulting in a loss of accreditation. For full details click [here](#).

****Admitted** status indicates that an educational program has applied for accreditation, and accreditation processes are underway. Students are advised to monitor the accreditation status of an admitted status program to ensure that accredited status has been achieved at the time of their graduation.
