

**Wilma Reid** | Spencerville, ON | 613-340-1300 | winterwilma918@gmail.com

## CORE SKILLS

- Laboratory sample handling & analysis
- Quality assurance & quality control (QA/QC)
- SOP & regulatory compliance (GMP, food-grade environments)
- FIFO implementation & traceability
- Safety protocols & hazard identification (JHSC)
- Detail-oriented, organized, and reliable
- Equipment calibration & preventive maintenance
- Electronic data entry & documentation
- Independent worker and collaborative team member

## PROFESSIONAL EXPERIENCE

Process Operator | Greenfield Global  
Johnstown, ON | 2013 – Present

- Operate and monitor production systems in a highly regulated manufacturing environment with strict safety and quality standards.
- Follow detailed SOPs and regulatory requirements to ensure consistent, inspection-ready operations.
- Identify equipment requiring maintenance and document issues using Maximo systems.
- Collaborate with operators, engineers, and maintenance planners to troubleshoot process deviations.
- Perform food-grade housekeeping and maintain clean, compliant work areas.
- Participate in shutdown permitting and planned maintenance coordination.

Corn Grader / Lab Analyst | Greenfield Global  
Johnstown, ON | 2010 – 2013

- Conduct laboratory analysis to ensure products meet required specifications throughout production.
- Perform equipment maintenance and calibration according to laboratory standards.
- Document results accurately and maintain traceability.
- Collaborate with lab analysts and process engineers to troubleshoot quality issues.
- Contribute to continuous improvement initiatives to improve accuracy, repeatability, and efficiency.

## SAFETY & COMPLIANCE

- Long-standing Joint Health & Safety Committee (JHSC) member
- Conducted regular workplace inspections and hazard identification
- Strong understanding of safety protocols in regulated environments

## EDUCATION

- Medical Laboratory Assistant/Technician Diploma  
Everest College – Nepean, ON | 2010
- OSMT Certification | 2010 (also carry the cMLA/T<sup>MLPAO</sup> credential)

## ADDITIONAL NOTES

- Experienced in regulated, audit-ready environments
- Strong focus on consistency, accuracy, and reliability
- Available for daytime laboratory roles
