

Medical Laboratory Technologist – Transfusion Medicine

Who we are

London Health Sciences Centre (LHSC) is a world-class academic health sciences centre located in the southwestern Ontario city of London. Just two hours from Toronto and two hours from Detroit, London features a beautiful and walkable downtown core located on the Thames River, a vibrant culinary scene and scores of activities that highlight local arts, culture and music. As one of Canada's largest hospitals, LHSC is a world-class innovator in clinical care, research and teaching, delivering both local and regional services, including the Children's Hospital, within a large geographic area. LHSC has a workforce of close to 15,000, dedicated to delivering the highest quality patient care while working together to shape the future of health.

Pathology and Laboratory Medicine (PaLM) is a joint venture of LHSC and St. Joseph's Health Care London committed to providing a comprehensive range of routine and specialized testing and clinical consultation to patients within Southwestern Ontario and beyond. Our flagship programs, with over 700 staff and faculty across 30+ ISO15189/AC Diagnostics accredited labs, serve Canadian and international partners with world-renowned research, innovation, teaching and clinical service. We believe laboratory diagnostics is the cornerstone of the patient journey, with the potential to transform our health system, and we are strengthening our laboratory team to rise to this bold vision.

Position Summary

As a member of PaLM, the Medical Laboratory Technologist (MLT) works under the supervision of the Manager for the Transfusion Medicine Laboratory in coordination with the Senior Medical Laboratory Technologists. As an acute care teaching facility, the Transfusion Medicine Laboratory provides an opportunity for MLTs to expand their knowledge and skills in an environment that promotes staff wellness and fairness. MLTs in the Transfusion Medicine laboratory are responsible for blood grouping, antibody screening, antibody identification, blood component preparation, bone marrow and stem cell processing, tissue banking and some special projects.

Staff will be assigned to London Health Sciences Centre (University Hospital, Victoria Hospital) as required.

Rate of Pay: \$35.77 per hour - \$48.78 per hour
