Successful completion of an MLA/T course from an approved MLPAO school is required, for candidates to be eligible to write the MLPAO MLA/T online exam.

**MLA/T students will no longer be able to register for the MLPAO Certification Exam if they have not completed all MLA/T program course requirements including clinical placement.  Any students registering to write the online, exam must have completed all course requirements including clinical placement and provide a copy of their diploma or graduation confirmation letter from their school by the registration deadline.**

We recognize that some students may complete the program prior to the exam but not have their diploma by the registration deadline, in this case:

1. A student who has not completed the MLA/T program before the registration date but will complete BEFORE the exam date (including clinical placement), can register for the exam **IF** the school provides a letter of confirmation that the student will have completed the entire program prior to the exam date.  The letter must be dated during the exam registration period and MUST BE RECEIVED BEFORE THE REGISTRATION DEADLINE.  It is the student's responsibility to obtain the letter from their school and forward to MLPAO.  If the student passes the exam, the student's certificate will be on **hold** until course diploma is received.

2. If a student has completed course work and is currently in placement, but will NOT complete placement before exam date, the student is **NOT** eligible to register for that exam.

Proof of completion document must be emailed to Exam@MLPAO.org **no later** than the registration deadline of **April 25, 2024**. Subject line should read "June 2024 exam – completion doc".
